

Ring Warming Ceremony

As we all know, couples exchange rings as a symbol of their lifelong commitment and eternal love.

Before _____ and _____ give each other their wedding bands, they want their family and bridal party to warm the rings for them.

Take the rings in your hand, close your eyes, and say a silent prayer or manifestation for the couple. Imbue the rings with your wishes, blessings, and support. Warm them with your hands and your hearts.

By doing so, you assure _____ and _____ that they can count on you as they start this new chapter of their lives.
